ORDIBEHESHT TEJARAT ALEF CO

With fifteen years of experience, we specialize in exporting the finest Iranian commodities. We are dedicated to bridging local production with global needs.

Our professional approach ensures that every shipment, from agricultural goods to specialized equipment, adheres to the highest international standards of quality and efficiency.

Direct Sourcing | Strict Quality | Global Logistics

GLOBAL EXPORT SOLUTIONS

OUR PREMIUM PRODUCT CATEGORIES

Premium Nuts & Dried Fruits

Experience the finest Iranian harvest, including pistachios, dried figs, and dates, sourced directly for exceptional taste and quality.

Pure Iranian Saffron

Known as "Red Gold," our premium Negin and Sargol saffron offers unmatched aroma and potency for discerning culinary experts.

Premium Quality Seafood

We provide sustainable shrimp, fish, and caviar, strictly adhering to cold-chain integrity and global food safety standards throughout transit.

Food Ingredients

Enhance your production with our high-grade gelatin, ensuring structural stability and reliability for diverse industrial food applications worldwide.

Agricultural Machinery

From orchard tractors to heavy-duty equipment, we supply robust, efficient machinery designed to enhance your agricultural productivity and performance.

Medical Supplies

Reliable medical-grade injection devices and diagnostic kits, manufactured to rigorous international standards, ensuring safe, effective, and compliant patient care.

HARVESTED FOR EXPORT

PREMIUM NUTS & DRIED FRUITS

At Ordibehesht International Trading, we source premium Iranian nuts and dried fruits with a strong focus on quality, consistency, and market readiness. Our selection is carefully handled from origin to packaging, ensuring each product meets the expectations of international buyers across wholesale and retail channels.

From pistachios and dried figs to dates, we offer export-oriented supply solutions tailored to different market needs. With competitive pricing, reliable sourcing, and packaging options designed for global trade, we help buyers access trusted Iranian products with confidence and ease.

Partner with us to access premium Iranian nuts and dried fruits, delivered with quality, reliability, and export-ready excellence.

HARVESTED FOR EXPORT

PREMIUM IRANIAN SAFFRON

Iranian saffron is globally renowned for its unparalleled coloring strength, distinct aroma, and deep, sophisticated flavor profile. As the world's primary producer, Iran sets the standard for quality in the international spice market. We meticulously source our saffron, ensuring that every batch is graded based on purity, stigma structure, and color intensity to meet the precise requirements of our international partners.

We offer a comprehensive portfolio of saffron grades, tailored to specific applications—from luxury culinary use to industrial food manufacturing and health supplements. Our team manages the entire supply chain, ensuring that the integrity of the saffron is preserved through rigorous testing and professional, protective packaging, delivering the true essence of Iranian harvest directly to your market.

Partner with us to secure a consistent supply of authentic, high-grade Iranian saffron that elevates your brand's culinary standards.

HARVESTED FOR EXPORT

PREMIUM IRANIAN SEAFOOD

Iranian waters and advanced aquaculture facilities provide a rich diversity of high quality seafood, recognized globally for superior texture and nutritional value. We specialize in the end to end supply of these products, meticulously managing every stage from processing and grading to strict temperature controlled logistics.

We understand that quality in the seafood trade relies entirely on the integrity of the cold chain. Our operations are designed to meet your specific requirements, whether you need bulk supplies for industrial food manufacturing or high-grade products for gourmet retail and hospitality. We ensure that our processes strictly adhere to international food safety regulations, delivering the finest harvest directly to your market.

Partner with us for a reliable, cold-chain-secured supply of premium Iranian seafood, tailored to your specific market demands.

HARVESTED FOR EXPORT

PREMIUM FOOD INGREDIENTS

We supply essential food-grade ingredients that serve as the building blocks for successful consumer products. Our portfolio is curated to provide the stability, flavor, texture, and nutritional profiles required by manufacturers in the dairy, confectionery, beverage, and processed food industries.

We bridge the gap between raw sourcing and industrial application. By providing consistent, high-quality ingredients backed by comprehensive technical documentation and analysis, we help our partners optimize their production processes. Whether you are developing new formulations or maintaining high standards for existing product lines, our supply chain is optimized for reliability and technical precision.

Partner with us to source superior food ingredients that define the quality and consistency of your end products.

HARVESTED FOR EXPORT

PREMIUM AGRICULTURAL MACHINERY

We supply high-performance agricultural machinery, leveraging the production capacity of one of the largest and most established manufacturing facilities in the Middle East. With an annual output capacity of over ۴۰,۰۰۰ units, our tractors combine world-class manufacturing standards with competitive pricing, making them an ideal choice for both developing and mature agricultural markets across Europe, Africa, and the Middle East.

Our machinery is engineered to endure, prioritizing durability, fuel efficiency, and ease of maintenance. Whether for intensive farming or specialized orchard operations, our export-ready fleet is designed to meet international standards while delivering reliable power in the field. We are committed to supporting our partners through robust distribution networks, ensuring that high-quality, cost-effective equipment is always accessible.

Partner with us to equip your agricultural operations with reliable, durable, and cost-effective machinery built for any landscape.

HARVESTED FOR EXPORT

PREMIUM MEDICAL EQUIPMENT & DIAGNOSTICS

We are committed to supplying high-quality Iranian medical equipment that meets rigorous international manufacturing standards. Our selection ranging from sterile consumables to advanceddiagnostic tools is designed to support hospitals, clinics, diagnostic laboratories, and medical distribution networks with reliable, medical grade products.

We understand that quality and safety are non negotiable in the healthcare sector. Every product in our portfolio undergoes stringent quality control processes to ensure compliance with global regulatory requirements. By bridging the gap between high standard local manufacturing and international healthcare needs, we provide a consistent and secure supply chain for your medical procurement requirements.

Partner with us to secure a supply of reliable, medical grade equipment that prioritizes safety and operational efficiency for your healthcare facilities.

PURE IRANIAN SAFFRON

THE WORLD'S FINEST RED GOLD

Known as Red Gold, our saffron is meticulously harvested to preserve its potent aroma and deep crimson color, ensuring a premium experience for culinary experts worldwide.

We supply top-tier Negin and Sargol grades, fully compliant with international purity standards, making it the perfect choice for high-end markets and luxury applications.
